GOOD MORNING,

There were close to forty of us that went to Big Bend National Park this last weekend. I enjoyed seeing kids and parents alike deepening their friendship with each other as they enjoyed the amazing world that God created. One of my favorite scenes from the weekend was a few of our kids lying out on the picnic tables naming the few constellations that they knew.

Big Bend is one of the darkest places in the US and for years people have been traveling there to get a better look at the stars. Searching the stars is nothing new. We read in **Isaiah 40:26**, **"Lift up your eyes and look to the heavens: Who created all these? He who brings out the starry host one by one."**

In **Psalm 19** we read,

1The heavens declare the glory of God; the skies proclaim the work of his hands. 2 Day after day they pour forth speech; night after night they reveal knowledge. 3 They have no speech, they use no words; no sound is heard from them. 4 Yet their voice goes out into all the earth, their words to the ends of the world.

And it's God Himself who decided how many of the shining objects there are: **"He determines the number of the stars and calls them each by name"** (**Psalm 147:4**). When we slow down and look up, we can't help but be overwhelmed at the majesty that is creation and what it says about our Lord. You don't have to travel several hours to a national park, just be intentional, slow down, look up, and praise our Father, the creator of all things.
